Dear Tanque Verde Parents & Students:

Tanque Verde Unified School District is one of only four districts in the state of Arizona with all schools designated as "excelling", including Tanque Verde High School. We are excited for all of our current students to continue their education at TVHS for the 2007 – 08 academic year. In order to provide the best opportunities for our high school students, we begin curriculum development for next year and coordinate teacher staffing as soon as we return from winter break. Your input provides a foundation for us to establish our curriculum and to plan our teaching staff as needed for next year.

TVHS offers curriculum that rivals larger private and public high schools in addition to small class sizes and personalized learning. Our students benefit from advanced placement classes as well as dual enrollment Pima Community College classes with as few as four students enrolled in the course. Please see the projected curriculum offerings for the 2007 – 08 year included on the back of this letter for your review. Unlike other high schools, TVHS student interest in classes determine how many periods the course is offered as well as the types of classes provided. In addition to rewarding academic experiences, we know that a strong athletic program is also part of your decision-making process. Please find enclosed additional information regarding athletics at TVHS.

Please accept our invitation to attend the parent session below regarding curriculum, athletics, activities, transportation and opportunities for TVHS students for next year:

Date: Saturday, January 13, 2007
Location: TVHS/EGJHS Library
High School Session: 1:00 – 2:30 p.m.

We appreciate your continued support! Please contact us with any questions via e-mail or phone.
